

Big 3 Talks Completed; Mr. Truman To Meet King

Potsdam, Aug. 1 (AP) — The Big Three came to the end early tonight of their historic sessions upon which the future peace of the world may possibly hinge.

President Truman is due to fly to England tomorrow to meet George VI after his last meeting with Prime Minister Attlee and Premier Stalin. He will sail from Plymouth to the United States.

White House correspondents who accompanied Mr. Truman to Europe were packed and ready to leave at a moment's notice with the Presidential party.

By ERNEST B. VACCARO
Potsdam, Aug. 1 (AP)—An early conclusion of the Big Three conference, possibly before nightfall, was foreseen today following announcement that President Truman will meet King George VI before returning to the United States.

(President Truman will fly to England tomorrow to meet with the King, an official British announcement in London disclosed. The President and the King will meet aboard the H.M.S. Renown, and have lunch together.

The British announcement said Truman would arrive at an unspecified British airport and proceed to Plymouth where he will board the U. S. Cruiser Augusta. The King will embark on the Renown, a British battle cruiser, and both ships will steam out for a rendezvous at sea.

After lunch, the President will leave the Renown and return to the Augusta and the King will board the Augusta to take leave of the President.

Last Meeting Today
The King will not be accompanied by the Queen.

The King will leave London tonight and will be accompanied by Lord Halifax, British Ambassador to Washington, Sir Alan Lascelles, his private secretary, and Capt. Sir Harold Campbell.)

While the announcement concerning Truman's plans did not indicate the expected time of his departure, an official spokesman confirmed that the parley was nearing an end. He disclosed that the President, Premier Stalin and Prime Minister Attlee plan another meeting today—and there was speculation it may be their last.

The meeting likely will be preceded by another get-together by U. S. Secretary of State James F. Byrnes, Russian Foreign Commissar Vyacheslav M. Molotov and British Foreign Secretary Ernest Bevin. Another conference of committees made up of the staffs of the three delegations also was expected.

A spokesman said "a great deal of progress was made" by the three leaders at a 3½-hour meeting yesterday.

Official Announcement
The conference's survival of the defeat of the government of Prime Minister Churchill, one of the original Big Three, apparently demonstrated the solid foundation for decisions which had been reached.

It is expected the results of the parley will be announced in a joint communiqué to be released simultaneously in London, Washington and Moscow.

The President will fly to Plymouth in the big four-motored C-54 which carried President Roosevelt to the Yalta Conference and which Truman used to fly to the San Francisco United Nations parley.

After meeting with the King, the President will board the cruiser Augusta and return home, where he will formally report to the people of the United States in a nation-wide radio address.

It was understood that the President planned to dine with the British royal family, but that he did not expect to spend the night in England.

POLICE PROBE COUNTY THEFTS

While state police here learned of the recovery of a car stolen from Abbottstown last Saturday, two other instances of thievery were reported from various sections of the county.

Daniel J. Wolff, former sheriff, told the troopers that the deer hunting lodge of the camp to which he belongs on Big Flat was broken into and an uncertain quantity of pots, pans, plates and other utensils were taken. The theft was discovered the week-end of July 22 by Edwin Schlosser, Arendtsville, another member of the camp.

James Riggeal, Orrtanna R. 1, reported the theft of a large canvas cover which had been placed over a hay stack on a farm operated in partnership by Riggeal and John Shulley. The theft occurred Saturday, the police were told.

Investigations are underway. The recovered car is that of George W. Zartman, Abbottstown, stolen from his garage last Saturday. The car was found abandoned in Hanover on Tuesday.

Good Evening
Rain, rain, go away, come back again some drought day.

ROY ALEXANDER IS NAMED VETS' ADMINISTRATOR

Roy A. Alexander, former commander of the Albert J. Lentz Post No. 202, of the American Legion and the unanimous choice of Adams county veterans for the new full-time position of veterans' administrator in the county, was named to that position this morning by the Adams county commissioners.

The appointment, which was made for an indefinite term "at the pleasure of the commissioners," will pay \$2,000 per year, the commissioners decided.

Mr. Alexander is to take up his new duties "as soon as possible." Clarence C. Smith, chief clerk to the commissioners, said this morning in announcing the appointment.

Use Legion Office
Months ago the Lentz post of the American Legion offered office space

ROY A. ALEXANDER

on the first floor of the post home on Baltimore street and said it would be given rent-free. Commissioners have said they will help with the furnishing of the office, if necessary.

Until Mr. Alexander takes over as full-time advisor and assistant to ex-servicemen in this county, C. Arthur Brame, former clerk to the commissioners, will continue in his present capacity as administrator on a part-time basis. Mr. Brame received the initial appointment while serving as graves registration officers for the county in connection with his duties as clerk to the commissioners. That office was changed, its duties broadened and its title changed to veterans' administrator.

In World War I
The new appointee, who resides on East Broadway, is a veteran of naval duty in World War I. He was on active duty for a year and a half as a gunner's mate, first class, on the battleship Texas. After the war he was in the garage business here, then was the local distributor for the Sinclair Oil company. For the last several years he has been working as a mechanic for the government at the Middle Atlantic District Engineering Depot at Timonium, Md.

After serving a year as first vice commander of the local Legion post, Alexander was installed as commander October 7, 1940. He served a year.

ARRIVES HOME FROM OVERSEAS

S. Sgt. Grover W. Ridler, husband of Mrs. Elizabeth (Strausbaugh) Ridler, West Broadway, Gettysburg public school nurse, arrived in Gettysburg Tuesday evening after reaching the States by plane from Italy last Thursday.

He was a radio operator with the 15th Air Force and served through campaigns in North Africa, Sicily, Corsica, Southern France, Austria and Germany. He was with Eddie Rickenbacker's 94th Fighter Squadron, First Fighter Group, which received three presidential citations.

He enlisted August 16, 1940, and reached Oran, North Africa, in April, 1943, and later went on to Salerno and then to France and Germany.

He has 130 points toward a discharge but at the end of a 30-day leave has been ordered to report at San Antonio, Texas, for reassignment.

He is the son of Mrs. A. E. Ridler, of Wilkes-Barre.

TOOK PART IN DRIVE

Cpl. William R. McClellan, 224 West Middle street, participated as a member of the 94th Division artillerymen when they broke through from the Saar river bridgehead to reach the Rhine in the vicinity of Ludwigshafen, according to an announcement today by the division headquarters.

Former Constable Fox Is Arrested

C. A. Fox, former Third Ward constable, was arrested Tuesday afternoon by Chief of Police Glenn Guise on a surety of the peace charge brought by his landlady, Mrs. Fannie McDonnell, West street, before Justice of the Peace Robert P. Snyder.

Fox was released under cash bail for a hearing Friday evening but this morning Mrs. McDonnell told the justice she is withdrawing the charge. Fox is moving out of her house, she explained. In the information she alleged that Fox had threatened to "do away with her."

JULY WAS HOT, RAINY, STICKY FOR MOST PART

The first day of August brought no change in the hot, sticky, cloudy weather that was typical of July in Gettysburg and Adams county.

Weather records of Dr. Henry Stewart, local weather observer, show that rain in measurable amounts fell on 14 days last month while traces of rain were noted on four other days. Doctor Stewart counted only 12 clear days in the month and listed eight as partly cloudy and the 11 other as cloudy. Rain days are counted as cloudy and partly cloudy rains.

Rainfall for the month totaled 4.83 inches which was 1.02 inches above July's normal figure. The heaviest downpour in any weather day—beginning and ending at 5 p. m.—occurred on the 14th and 15th of July when showers totaled 1.19 inches. The July figure does not include Tuesday evening's rains which came after July weather records were closed.

Maximum Was 95

The lack of sunshine kept July temperatures a fraction of a degree below the normal average for the month although a maximum of 95 degrees was reached here on July 1. There were two other days when maximum readings of 90 degrees or above were recorded.

The coolest day of the month was July 12 when the mercury sank to 48 degrees. The month's average temperature was 74.1 degrees, a tenth of a degree below July's normal figure. The average daily maximum reading for the month was 82.3 degrees and the average daily minimum was 65.9 degrees.

Thunderstorms were noted here on July 2, 26 and 31.

The Arendtsville fruit laboratory weather station reported 3.59 inches for last month. That figure also was exclusive of Tuesday night's rains which were reported as totaling .81 inches.

The St. Swithin legend decrees about four weeks more of rainy weather, counting from July 15, but folk who eye the legend with doubt point out that rain has not fallen here on every day since July 15.

MARINES SEEK RECRUITS HERE

Three Marine recruiting sergeants from Baltimore will be in Gettysburg on August 8, to talk to young men between the ages of 17 and 18 and young women 20 to 35 who are interested in enlisting in the United States Marine Corps.

The Marine sergeants, one male and two females, will arrive in Gettysburg Wednesday morning and will be at the Gettysburg Post Office to interview applicants from 10 to 12 o'clock.

Young men over 17 but who have not yet reached their 18th birthday may apply for enlistment in the Marine Corps for a period of four years or in the Marine Corps Reserve for the duration of the national emergency. Those found qualified will be sworn into the Corps and transferred to the Marine base at Parris Island, South Carolina, for recruit training.

Seeking Women

All men in this age group will be given at least six months' training in the United States before being sent overseas.

Young women between 20 and 35, who have a minimum of two years high school credits may apply for enlistment in the Marine Corps Women's Reserve. If accepted, they will be sworn into the Corps and transferred to Camp Lejeune, North Carolina, where all Women Marines receive recruit training.

Those unable to see one of the Marine sergeants at Gettysburg on August 8, may apply in writing or in person at Room 325 Post Office building, Baltimore.

LIGHTNING HITS FUSE

Minor damage was done when lightning struck a fuse box at the home of Charles Tate, Idaville, Tuesday evening about 6 o'clock. The Benderville fire company was called but the fire had been extinguished before it arrived.

DISCHARGES OF SEVEN COUNTY SOLDIERS FILED

Seven countians placed honorable discharges from the army on file at the court house to set a new day's record for that type of business at the office of the register and recorder.

The group included: Pfc. Richard R. Crone, 22 York street, who entered service with the National Guard February 17, 1941, and was discharged last Saturday. He was a truck driver for a field artillery unit and wears battle stars for Normandy, Northern France, Rhineland, Ardennes and Central Europe campaigns. He was overseas about 21 months.

S. Sgt. Paul P. McClellan, 28 Carlisle street, who served with an ordnance maintenance company and wears two battle stars on his EAME ribbon. He entered service June 4, 1941, and was discharged June 29 of this year.

Others Filed

T/4 Regis W. Gehhart, Hanover R. 4, who served with an engineer battalion through five campaigns. He entered service August 21, 1941, and was discharged July 23 of this year.

T/Sgt. Charles L. Niederer, Hanover R. 4, who won the combat infantryman's badge in action in the central Pacific and New Guinea. He served from August 3, 1940, to June 12, 1945.

Sgt. Paul A. Leonard, Hanover, formerly of this county, who wears the Bronze Star medal, the Purple Heart and five battle stars. He was wounded in Germany, March 14. He entered service February 9, 1942, and was discharged Tuesday.

Pvt. Sterling L. Blair, Hanover street, New Oxford, who entered service November 22, 1943, and served in the Mediterranean and western front theaters. He was discharged July 13, at the Camp Pickett, Va. hospital center.

Ralph H. Arendt, Third street, Biglerville, who served from February 17, 1941, to July 28, 1945, in Africa and Europe and wears five battle stars. He was an infantryman.

Escapes Injury In Unusual Accident

James Shindledecker, 217 West Middle street, a truck driver for the Gettysburg Ice and Storage company, escaped injury in an unusual accident to a company truck he was driving toward Gettysburg on the Harrisburg road about 4:15 o'clock Tuesday afternoon.

The drive shaft broke and dropped to the road way causing the truck to go out of control. While the truck body sideswiped a tree, the rear axle and one set of dual rear wheels rolled free across the highway for a distance of about 50 feet.

State police investigated. Damage was estimated at about \$300.

The mishap occurred about six miles from Gettysburg.

2 Brothers Hold Reunion In Paris

Two sons of Mrs. Alice Ketterman, Gettysburg R. 2, met in Belgium on July 14 for the first time in nearly a year and a half. Mrs. Ketterman has learned from her sons.

Cpl. Harry L. Ketterman and Pfc. Raymond D. Ketterman spent an afternoon and night together when Henry, who was enroute from Le Havre to Brussels with a truck, made an overnight stop with his brother's quartermaster truck outfit in Belgium.

The last time they met was in England on February 28, 1944, when Raymond served as best man when his brother married an English girl in England.

7 Germans, Including Two Women, To Hang For Murder

Darmstadt, Germany, Aug. 1 (AP)—Seven Germans, two of them women, will be hanged and three others face long prison terms for the killing of six captured American airmen last August.

The verdicts were returned late last night after a six-day trial which military court attaches said would serve as a model of procedure against hundreds of other Nazis charged with similar crimes.

One of 11 defendants in the case, largest group yet brought to trial in Germany for a war crime, was acquitted. Each of the group denied any serious connection with a mob which beat the airmen to death.

Two of those sentenced to die are sisters, Margarete Witzler, 50, and Kathie Reinhardt, 38, both mothers. They cried loudly when the sentence was pronounced.

Others sentenced to be hanged are Johannes Seipel, 67; Joseph Hartgen, 41; Friedrich Wust, 40; Johann Oppel, 65, and Philipp Gutlich, 48.

George Daum, 45, was sentenced

Herbert L. Smith On Radio Program

Cpl. Herbert L. Smith, 21-year old son of Mr. and Mrs. Charles Smith, West Broadway, who lost his left leg during an aerial attack on the western front and who is now at the McGuire General hospital, Richmond, was interviewed in a radio broadcast Tuesday night from the hospital.

The young invalid was questioned about his home and other things and then sent a greeting message to his mother, father and grandmother.

His twin brother, Cpl. Harvey Smith is still in Germany.

The two boys entered service together, 30 months ago. Herbert was wounded after a year overseas and was returned to this country last June 20.

Despite the loss of a leg he is rated by hospital authorities as one of the most cheerful patients and he is looking forward to an early furlough to Gettysburg.

DONALD PRICE PRESUMED DEAD AFTER A YEAR

The War department has notified Mrs. Helen Price, Baltimore street, that because no additional information has been received about her son, T. Sgt. Donald O. Price, who was listed as missing after his Liberator bomber blew up over Austria July 26, 1944, he is now presumed to be dead.

The official notification came in a letter from Maj. Gen. Edward P. Witsell, acting adjutant general of the Army.

T. Sgt. Joseph Landers, Bronx, N. Y., one of the three survivors of Price's plane, came here recently and gave Mrs. Price the details of the action in which her son was lost. Price was radio gunner on the big Liberator and Landers was the top turret gunner. He said five men in the crew were known to have been killed but the ninth was unaccounted for.

Three Prisoners

Landers and two others became German prisoners after being blown from the exploding bomber after it had been badly hit by flak after dropping its bomb load on an enemy target. One of the direct hits on the plane was in the section in which Price was located. The ship's wreckage fell around the three parachuting airmen. The explosion occurred at about 24,000 feet.

The crew members received a Presidential citation for the flight on which their ship was lost. The target was a Vienna suburb.

A younger brother of Sergeant Price, Pvt. William E. Price, is in training in an air force ground crew on the west coast.

Two Released At Indiantown Gap

Pfc. Elroy A. Eline, 145 Second street, McSherrystown, and Sgt. John S. Kohler, East Berlin, received discharges from the Army Tuesday at Indiantown Gap.

Those arriving Tuesday at Indiantown for redeployment included Pvt. Mandie B. Wright, Biglerville R. 2; Pvt. Ivan D. Shultz, Gettysburg R. 2; Pvt. Charles R. Buckley, 140 Steinwehr avenue, and Pfc. Roy F. Miller, New Oxford R. 2.

WITHDRAWS CHARGE

The assault and battery charge laid against David Wolf, New Oxford R. D., by his daughter, Mrs. Annabelle Sandruck, Hanover, has been withdrawn before Justice of the Peace C. S. Straley, New Oxford. Mrs. Sandruck paid the costs.

Planned Treason

"This is not a trial of the armistice (Please Turn to Page 2)

Sgt. Norman Tyson Home From Overseas

Sgt. Norman E. Tyson, son of Mrs. Chester J. Tyson, Gardeners R. D., has arrived from the European Theatre of Operations to spend a thirty-day furlough at his home.

Sgt. Tyson, who has been attached to the 72nd Signal Company Special, had been overseas for twenty-six months during which time he saw service in Africa, Italy, France and Germany. He worked with the Fifth and Seventh Army, supplying beachhead communications for amphibious operations and also helped supply communications for units not large enough to maintain their own systems.

Sgt. Tyson is wearing the War Department's wreath for meritorious service, campaign ribbons with six battle stars and a bronze Arrowhead for amphibious operations on D-Day in southern France.

At the conclusion of his furlough he will report to his unit at Fort Jackson, South Carolina.

1546 Ships, 1300 Planes Are Lost By Japanese In July

By MORRIE LANDSBERG

Guam, Aug. 1 (AP)—Combined carrier and land-based plane attacks cost Japan by conservative, official accounts at least 1,546 ships and small craft sunk or damaged in her home waters in July and more than 1,300 of her warplanes destroyed or wrecked—but that is just a beginning.

Adm. Halsey's Third Fleet carrier planes, including some 250 British aircraft, alone destroyed or damaged 1,035 Japanese ships and small craft in 21 days of almost ceaseless assaults with torpedoes, bombs, rockets and .50 caliber bullets. They accounted for 1,278 aircraft, most of which were caught on the ground.

Halsey's force reduced remnants of the Japanese fleet to a shambles—99 warships sunk or heavily damaged, including three disclosed today.

Petain Acted In Interest Of France Says Admiral Leahy

Paris, Aug. 1 (AP)—Adm. William D. Leahy, chief of staff to President Truman, expressed the belief that Marshal Petain always acted in the best interests of France in a letter read today at the treason trial of the old soldier.

As read in court the letter of Leahy, who is attending the Big Three conference at Potsdam, expressed "high regard" for Petain and said he was unable to appear as a witness because of his position. He had been U. S. ambassador to the Vichy regime of Marshal Petain until the Germans took over the unoccupied portions of France in November, 1942, when North Africa was invaded.

Leahy's letter, dated July 22, was in reply to Petain's request that he return to France as a witness.

To Call Laval

The admiral stated that he recalled that on many occasions he had heard Petain express a desire to see the Nazis overwhelmed.

After the letter was read, Chief Judge Paul Mongibeaux asserted: "There is one sentence against Petain in that letter."

The defense protested and Mongibeaux did not explain the sentence to which he referred.

Leahy's letter said that while he was ambassador to France "you did, on occasion at my request, take action in opposition to the desires of the Axis and favorable to the Allied cause."

"On every instance when you failed to accept my recommendations to expose the Axis powers by refusing their demands, you stated the reason was that such positive action by you would result in additional oppression of your people by the invaders," the admiral continued.

"I had then, as I have now, the conviction that your principal concern was the welfare and protection of the helpless people of France. It was possible for me to believe that you had any other concern."

"However, I must in all honesty repeat my opinion, as expressed to you at the time, that positive refusal to make any concessions to Axis demands, while it might have brought immediately increased hardship to your people, would in the long view have been advantageous to France."

(It was to this last passage that the judge apparently alluded.)

The old soldier's counsel said that Pierre Laval, described yesterday as Petain's "evil genius," would be summoned as a witness.

As Gen. Maxime Weygand returned for further cross examination, bearded Prosecutor Andre Mornet demanded that "we return to the essential facts of the Petain trial" and avoid a repetition of yesterday's session when Weygand, Petain and former Premier Paul Reynaud engaged in bitter recriminations.

SECRET PIER IS REVEALED

New York, Aug. 1 (AP)—As the last ammunition ship to leave New York steamed out of the harbor, the New York port of embarkation disclosed today that a "secret pier" in Jersey City, N. J., was "the major munitions shipping point for World War Two."

The pier, largest installation of its kind in the world, was the loading site of 2,696,811 measurement tons of bombs and ammunition—ranging from six-ton blockbusters to small arms and loose powder, the port's announcement declared.

The explosives were loaded from 54,000 freight cars into 1,800 ammunition ships during the past three years. From now on, bomb and ammunition loading will be done at other points on the Atlantic seaboard, removed from populated areas.

The 1,800 foot pier, at Caven Point terminal, reaches into New York harbor from the end of a 2,200 foot causeway. It is half a mile south of the Statue of Liberty and less than three miles from New York's skyscrapers.

Weather Forecast

Cloudy and slightly warmer with intermittent rain tonight and Thursday.

Other Damaging Actions

Land-based aircraft in Adm. Nimitz' command sank another 85 vessels, mostly freighters and cargo ships, and damaged 176 and destroyed or damaged 53 Japanese planes, an Associated Press tabulation of his communiques showed.

The Far East Air Force immobilized 250 Japanese ships or small craft totaling 250,000 tons after they began operating from Okinawa bases early in July, Gen. MacArthur's communique said today.

The totals include many scores of barges, luggers and other small craft but exclude many communique reports of "several" or "a number of" vessels sunk or damaged. They also exclude the number of Japanese planes wrecked by the FEAF, by B-29's or by B-29 escorting Mustangs, figures for which are not available.

Pre-Invasion Blows

July was just a pre-invasion beginning of the devastation to be wrought on Japan, warned nearly every commander in the Pacific, and radio Tokyo said Halsey's fleet still prowled off Honshu, where it has spent 22 days, unchallenged by sea or air.

Lt. Gen. Barney M. Giles, deputy commander of the U. S. Army Strategic Air Force, said today that B-29's would step up their tempo "until the war lords are forced into unconditional surrender." He promised 8,000-ton bomb raids by forces of 1,200 Superforts.

From the Philippines, Col. James O. Guthrie, acting commander of the 13th AAF Fighter Command, declared in another statement on the Army Air Forces' 38th anniversary "our pilots now look forward to the day when they will be based at Tokyo."

War Not Over

The Japanese know they have lost the war, but it is not nearly over, was the sobering note sounded at Pearl Harbor by Rear Adm. William P. Blandy, newly-named commander of the Pacific Fleet's cruisers and destroyers.

"They hope to beat down our resistance and our will to win. The current idea that the end of the war is just around the corner is bad business," Adm. Blandy said.

Nimitz' communique today, supplying new reports of damage inflicted by American carrier planes Monday on Japanese shipping at Maizuru naval base on Honshu's west coast, added eight ships and 89 planes to the number destroyed or damaged there. Those figures increased to 68 ships and small craft and to 227 planes the numbers destroyed or damaged at Maizuru on Monday. Nimitz added one destroyer sunk and a light cruiser and a destroyer damaged to the fast-growing list of warships knocked out.

Arrest Youths On Charge Of Theft

Two local boys, aged 13 and 14 years, have been directed to appear in juvenile court after being apprehended Tuesday by Chief of Police Glenn Guise for the theft of \$20 in cash from a wallet in Gilbert's cleaning and pressing establishment, Chambersburg street, on Tuesday. Part of the money was recovered.

The wallet was removed from a desk drawer near the rear of the shop while the place was open for business.

Lift Control On Most Fishing Gear

Effective August 2, all fishing tackle except rods, reels and non-metallic lines and nets will be exempted from price control the OPA has announced.

Typical of exempted items are: lines, hooks, snelled hooks, stringers, scalers, floats, swivels and sinkers. Sales of these items affect the cost of living only slightly, OPA said, and the administrative and enforcement difficulties of maintaining controls outweigh the importance of holding prices at pre-war levels.

MR. CHURCHILL NEEDS NO RANK TO BOOM LUSTRE

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

And why did Winston Churchill beg his Majesty King George to excuse him from accepting England's most honored knighthood—the Order of the Garter.

Well, of course that may be a somewhat delicate question which Mr. Churchill himself would have to answer, but I'll bet a shiny new sixpence that the real reason is one he wouldn't be likely to give. This is that the unadorned name of Winston Churchill already is so famous that no title could add to its lustre. A knighthood would be gilding the lily.

Statesman, author, orator, war-leader—plain Winston Churchill ranks among the great of British history. This distinguished place he has won by reason of his genius and through his own efforts.

Grandson of Duke

That in itself is enough to make "Sir Winston" seem strangely out of place as designation for a man whose name is a household word throughout the civilized world. But there's another reason why a knighthood would be no promotion for him. He is the grandson of the Duke of Marlborough, and that's mighty blue blood—none more so.

One suspects too that Churchill wouldn't feel like accepting anything less than a dukedom—highest rank in the peerage. And the chances are that he wouldn't want it at this juncture because, coming on top of the defeat of his Conservative party by the Laborites in the election, it might appear to be in the nature of a consolation prize. Furthermore, while Churchill hasn't made any official announcement, he reportedly intends to remain in the fore of the political battle as leader of "His Majesty's loyal opposition" in the House of Commons, and he couldn't have a seat in Commons and at the same time hold a peerage, for that would make him a member of the House of Lords.

Master Debater

It isn't so many years ago that a noble lord could be prime minister or leader of the opposition party, but that no longer holds good. There is no law to prevent it, but tradition holds that the premier and the chief of the opposition must lead their forces on the actual battle-field, which is the House of Commons.

If, as the London Daily Mail says, Churchill is "determined to continue his fight against Socialism," we shall be treated to some good old-fashioned pyrotechnics in the Commons debates. I've seen Churchill in action many times in Commons and believe there's no other man in Britain who has the debating ability and political acumen which he possesses to keep the government on its toes.

Petain Acted

(Continued from Page 1)

... said the prosecutor who sent Mata Hari before a firing squad in the first World War. "The armistice is only a preface to the accusation. Petain's treason would have been impossible without it. His treason began on July 11, 1940, when he plotted against the republic. At that moment Petain outrageously violated his responsibilities to the republic."

Once again, he promised that written documents—unknown to most people—would be presented, constituting "the true basis for this action."

Blame Laval

Attorneys for Petain, charged with intelligence with Germany and plotting against France, contend that Laval was responsible for the Vichy regime's policy of collaboration with the Germans and hope that his testimony will save the aged marshal from a death sentence.

The prosecution, on the other hand, has been maintaining throughout the eight days of the trial that Petain worked hand and glove with Laval, his No. 1 man and chief of government, in collaboration with the Nazis.

News that the swarthy, long-fingert Laval had arrived in Austria from Spain and surrendered was communicated to court officials and attorneys yesterday afternoon by the Associated Press and it sent most of them scurrying off for hurried consultations.

HOSPITAL REPORT

Mrs. William E. Lutz, Jr., East Middle street, and Genevieve Eckenrode, Baltimore, have been admitted as patients to the Warner hospital. Those discharged were Marjorie Oiler, Taneytown; Ida Munshower, North Washington street; Janet and Eugene Eker, York Springs; Mary Louise Kuhn, South Washington street; Evelyn Boyer, Biglerville R. 1; Phyllis Yingling, East Water street; Dorothea Kint, Gettysburg R. 5, and Mrs. Curvin J. Smith, Hanover.

Charles Moore, 39, Gettysburg R. 3, who was seriously injured in an auto accident Saturday evening, was reported today as improved.

ENLISTS IN NAVY

George Calvin Fissel, Gettysburg, enlisted in the Navy at Harrisburg Monday it was announced by the York recruiting station.

Social Happenings

Phone Gettysburg 640 or Biglerville 8

Mrs. Anna Bierer has returned from a business trip to New York city.

Eddie Smith has returned to his home in Greencastle after spending several days with his aunt, Mrs. Olga Strausbaugh, Sachs apartments.

Miss Margaret Howard has returned to her home on East High street after spending six weeks with her brother-in-law and sister, Dr. and Mrs. C. K. Swartz, Baltimore.

The regular meeting of the Gettysburg Guitars club was held Tuesday evening in the IOOF hall. A business meeting was held and prizes were awarded to Clair Sanders, Louetta and Harvey Miller. The next meeting will be held Tuesday evening, August 14.

Mr. and Mrs. Charles A. Smith and sons, Freddy and Donny, of Benton, arrived today for a visit with Mrs. Smith's brother-in-law and sister, Mr. and Mrs. Henry T. Bream, North Stratton street.

The Rev. Dr. R. R. Gresh, pastor of St. James Lutheran church, who is on a month's vacation, and Mrs. Gresh, are spending the time at their farm near Frederick, Montgomery county, Pa.

The members of the U.S.W.V. and its auxiliary will hold a supper at the Blue Parrot tea room Friday evening, August 10. The supper will be followed by a meeting.

Mrs. C. H. Heldt and daughter, Elizabeth, North Stratton street, visited the Misses Alice and May Miller, at the home of their nephew and niece, Mr. and Mrs. Claude Miller, Reading, Monday.

Chaplain Lt. Col. J. H. A. Borleis has reported to the Second Army, Memphis, Tenn., for reassignment after spending a leave with his family at their home on Hanover street.

Mrs. R. F. Saylor entertained the members of the Tuesday Evening Bridge club this week at her home on Baltimore street. The next meeting will be held in two weeks at the home of Mrs. Forrest Williams.

The Ladies' Aid society of the Memorial United Brethren church met Tuesday evening at the home of the president, Mrs. E. F. Strausbaugh, West Broadway. Arrangements were made to hold a covered dish supper in conjunction with the August meeting which will be held at the church.

Mrs. Frank H. Sargent, Blue Ridge Summit, visited at the home of her parents, Mr. and Mrs. C. Richard Wolff, York street, today.

Mrs. Levi Diehl and daughter, Mrs. J. H. A. Borleis, and daughter, Miss Lillian Borleis, Hanover street, returned Tuesday evening after a visit with Mrs. Diehl's son-in-law and daughter, Mr. and Mrs. Charles R. Keller, Selinsgrove.

Miss Elinor Geyer, cadet nurse at Jefferson hospital, Philadelphia, is spending a month's vacation with her parents, Mr. and Mrs. Wilbur Geyer, Cashtown.

EM 3-c Paul L. Evans is visiting at his home, 239 York street, on delay orders prior to entering the Damage Control school, Philadelphia, August 20. The course will require four weeks after which Evans will report to Houston, Tex., for further sea duty.

Alexander Is Named Governor Of Canada

London, Aug. 1 (AP)—Field Marshal Sir Harold Alexander, who extricated Britain's overwhelmed forces from Dunkerque and Burma and led the epic comeback from El Alamein, has been appointed Canada's 17th governor-general.

The 54-year-old Allied commander-in-chief of the Mediterranean theater was chosen by King George VI, Buckingham Palace announced last night, to succeed the king's uncle, Lord Athlone, 71, whose normal term as governor-general expired last June.

Making Soap Out Of Rancid Butter

Cincinnati, Aug. 1 (AP)—The Procter & Gamble Co. have used 90,000 pounds of rancid butter to make 135,000 pounds of soap.

Company officials said they purchased the butter about two weeks ago from a lot offered generally to the industry. They declined to name the supplier but said the better was unfit for human consumption.

WEATHER NOTE

Trenton, N. J., Aug. 1 (AP)—There's been so much rain that fish are dying in a New Jersey lake. The state game and fish warden explained marine growth was accelerated by the rain and formed a greenish scum. Accompanying hot weather turned this scum into gas which suffocated the fish, he said.

POLICE FEAR FOR LIFE OF PIERRE LAVAL

Paris, Aug. 1 (AP)—Pierre Laval arrived by plane at Le Bourget airfield from the Austrian city of Innsbruck late today and was taken immediately to Fresnes prison, it was announced at the trial of Marshal Petain.

The former chief of the Vichy government, who surrendered to American authorities in Austria after he was ousted from refuge in Spain yesterday, was accompanied by his wife.

By ROBERT EUNSON

Paris, Aug. 1 (AP)—Fears that Frenchmen liberated from Nazi camps might break through police lines if they knew where they could lay hands on Pierre Laval were expressed by a French spokesman as Laval's arrival from Innsbruck was awaited early today.

A broadcast dispatch of the French Press Agency, recorded by FFC, said a plane left Strasbourg carrying Laval to Paris. The account did not explain how he had been moved from Innsbruck.

Mobile guards surrounded four airfields and Fresnes prison here, awaiting the Vichy chief of government. The spokesman said he himself had not been told where Laval would be landed.

Laval was handed over to French officers last night by Americans of the 65th Division. Landing yesterday in Austria in the same German plane and with the same German crew that flew him to Barcelona on May 2 to seek refuge, Laval said he had "left Spain at the request of government authorities there."

"Tired Old Man"

"Laval gave me the impression he was a tired old man," said Capt. Robert C. Woodbury, Fort Worth, Tex., who talked with Laval and his wife after they landed. He said they were shabbily dressed and camera shy as American Signal Corps photographers surrounded them. Laval carried \$10,000 in American bills.

The two Luftwaffe men who piloted the plane were jailed over protests they had been assured before leaving that the Americans would permit them to return to Spain.

Laval was entirely at ease, Maj. William Gleason, Ogden, Utah, of 65th Division Headquarters, said. The Vichy chief's first question was about the state of politics in France but Gleason said he forbade further conversation.

MORE BUTTER FOR CIVILIANS

Washington, Aug. 1 (AP)—More butter than originally anticipated will be available for civilians during August, Secretary of Agriculture Anderson announced today.

At the same time, OPA Administrator Chester Bowles announced that no further reduction in the point value of butter is anticipated. Recently this was cut from 24 to 16 points a pound.

Anderson said the amount of creamery butter set aside for government purchase for August has been cut from 30 to 20 per cent.

This reduction was due to higher production during July than expected and indications that August production also will be slightly higher than originally estimated, the secretary said.

A cutback in military requirements, due to army purchases of some butter in Denmark for use in feeding U. S. troops in Europe, also was a factor.

Anderson estimated that under the net set aside quota, about 100,000,000 pounds of creamery butter will be available for civilians in August as compared with an original estimate of 90,000,000 pounds. The September quota has not been determined.

Non-Stop Flight To Paris In 14 Hours

Paris, Aug. 1 (AP)—The Army Air Force Transport Command's C-69 Constellation landed at Orly Field today after a 3,600-mile non-stop flight from La Guardia Field, New York, in the record time of 14 hours and 12 minutes.

Lt. Col. Norman F. Timper of Watertown, Mass., who piloted the plane, predicted regular 12-hour flights from New York to Paris.

"We did not have very favorable winds or we would have come over in better time," he said.

Warn Farmers Of Bogus 'Dealers'

Harrisburg, Aug. 1 (AP)—Pennsylvania farmers were cautioned today by the Department of Agriculture not to sell livestock to a dealer "if they can't show a card."

The department said farmers were being victimized by hijackers who posed as livestock dealers, bargained for meat animals or poultry, and then promised to send a check the next day to cover the purchases they loaded into a waiting truck.

In many cases, the department said, neither the check nor the dealer came back.

Upper Communities

The Women's Missionary society of St. Paul's Lutheran church, Biglerville, will meet Friday evening at the parsonage with Mrs. Charles L. Yost as the leader.

Mrs. Wilbur Mylander and children, Tommy and Nancy, Baltimore, are spending the week with Mrs. Mylander's mother, Mrs. Naomi Carey, Biglerville.

The annual picnic of Bethlehem United Brethren Sunday school, Center Mills, was held recently at Sheffer's Park.

Cecil R. Snyder, head of the agricultural department of the Biglerville high school, accompanied Elmer Shriver, head of the department at Gettysburg high school, on visits to individual projects of students of that school Monday.

The July meeting of the Biglerville fire company will be held Thursday evening at the fire house.

Mrs. A. D. Wells, of Bluffton, Ohio, who had been with her son-in-law and daughter, Mr. and Mrs. Allen S. Stauffer, of Biglerville, for a visit, left recently to spend some time with Miss Clara Wilson, of Brooklyn, New York.

Mr. and Mrs. Cleo Thomas have returned to their home at Joliet, Illinois, after a visit with Mr. Thomas' parents, Mr. and Mrs. Edward Thomas, of Biglerville.

Miss Julia Yost, of Biglerville, has returned from a visit with her grandparents, Mr. and Mrs. Thomas Yingst, of Myerstown.

Frank Thomas returned recently to his home at Edgland, North Dakota, after a visit with relatives in the community.

Leaves From Diary Of War Correspondent

By LYNN HEINZERLING
(Substituting for Hal Boyle)

Salzburg, Austria (AP)—For the first time in eight years Salzburg is going to have its beloved "Festspiel"—three weeks of all the music that can be crowded in—without Goebbels butting in to decide what can be played and who can play it.

Baron Henry Puthon, who has been directing the annual music festival for 20 years—except last year when Goebbels ordered its cancellation—looked very tired and awed by the magnitude of his task when he announced that the festival would open Aug. 13 and run through Sept. 1.

With the help of a little American gasoline, a few trucks and some food for the artists, he is confident he will be able to restore the annual festival of song here in Mozart's birthplace, which in peace time attracted as many as a hundred thousand music lovers.

Orchestra Revived

The baron's actors, actresses, singers and musicians are scattered all over central Europe. He has no transportation of his own to gather them for the festival. He can't even telephone or write letters to them, but American Army officers have promised to help bring his talent together and a good start has been made.

Eight weeks ago there were only 22 members of the Salzburg festival orchestra here. Now there are 67 and Puthon hopes to have 110 by the time of the first concert.

"It will be only a grandchild of the old festivals," Puthon said, "but it will be something."

In the old days the festival lasted four or five weeks and included ten operas, ten to 12 concertos, eight or ten serenades and half a dozen lesser musical offerings. This year Puthon is planning for one opera, six large concertos, four church concerts and six serenades.

After the Nazis marched into Austria in 1938 Goebbels always took a hand in the festival. The festival committee drew up a tentative program, then sent it to Berlin.

British Labor Parliament Meets

London, Aug. 1 (AP)—A new British Parliament, dominated for the first time in its long history by a Labor majority, assembled in Westminster today for routine organization—and cheered Winston Churchill who has stepped from the role of Prime Minister to leader of the opposition.

The business of lawmaking will not begin until after King George VI formally opens Parliament Aug. 15 with his speech enunciating the Labor government's program.

Women Police In Boston At Night

Boston, Aug. 1 (AP)—For the first time in history, Boston policewomen "pounded beats" from midnight to dawn today in some downtown streets.

The action was taken, police officials said, as a result of too many complaints that young girls were abroad during those hours.

Sgt. Margaret M. McHugh supervised her squad from a police cruiser.

ARMY PLANES AVAILABLE TO EASE RAIL MESS

Washington, Aug. 1 (AP)—The army moved in two directions today to avert a transportation crisis but came under renewed fire for its plans to keep 7,000,000 in uniform for the Pacific war.

To ease the pressure on railroads resulting from troop movements, the War department said:

1. It is turning over to commercial air lines enough army planes and pilots to move 25,000 troops a month across the country by air.

2. It is speeding up the discharge of high-point soldiers with railroad experience "to the maximum extent consistent with military needs and the orderly process of redeployment."

Meanwhile, Senator Johnson, (D-Colo.), contended that the army is keeping too many soldiers in uniform above its real needs. He prepared to tell his colleagues that unless the army speeds demobilization the nation may see a postwar "dumping" of manpower that will mean serious unemployment.

Want More Released

Johnson, a member of the Senate Military Committee, voiced his contention while a top administration official was telling another reporter that 7,000,000 men seemed to him "a helluva big army for the one-front war."

This official, who expressed his views on the understanding he would not be quoted by name, added that "I think there will be increasing pressure on the army to release more men."

Johnson, declaring that "I think they are keeping a lot of men they don't need for the Pacific war," said he wants an answer, too, to a recent statement by Maj. Gen. Lewis Hershey that Selective Service will continue drafting men for several months after the war ends.

Veteran Jurist, 93, Dies In Pottsville

Pottsville, Pa., Aug. 1 (AP)—Richard Henry Koch, 93, former president judge of Schuylkill County Court of Common Pleas, died at his home here last night.

Koch, a native of Middleport, served for 20 years as a judge in the court of common pleas and was a delegate to the Republican national convention in 1924, 1928 and 1932.

Survivors are Roscoe Richard Koch, Philadelphia attorney; Helen Elizabeth, wife of Dr. Joel T. Boone, a commodore in the U. S. Navy and former White House physician; Marshal M. Koch, Denver, Colo., and Mrs. John Park Hood, Pottsville.

With Our Service Men

Pvt. Dale E. Cline, now stationed in Wald, Austria, receives his mail Co. P, 502nd Parachute Inf., APO 472, c/o postmaster, New York, N. Y.

Robert Redding, who receives his mail Suty Supply Depot, USMC, 100 Harrison street, San Francisco, Cal., was recently promoted to master technical sergeant.

6 HURT IN BLAZE

Philadelphia, Aug. 1 (AP)—Six firemen were injured in a blaze which swept a dry-cleaning plant at nearby Norwood last night. Firemen estimated damage at \$100,000. The cause of the blaze was not determined, they said.

DOGS PULL FIRE TRUCK.—T-4 Daniel P. Feuerborn of Lexington, Okla., demonstrates how Siberian and Eskimo huskies can pull a 4½-ton fire truck at Cheyenne, Wyo. The dogs were trained at Ft. Robinson, Nebr.

Property Transfers

E. Grace and G. Vance Stitzel sold to C. F. Griest, all of Huntington township, five tracts in that township including about eight acres.

Myrtle C. Mackley, Gettysburg, sold to Carrie S. Musselman, Fairfield, a property on the north side of Stevens street in Gettysburg.

BARKLEY SAYS CONGRESS NOT BACKING HST

Washington, Aug. 1 (AP)—Democratic Leader Barkley, (Ky.), reminded senators today that Congress batting average on President Truman's home front legislative recommendations isn't high.

In what has been termed a honeymoon period between the legislative and executive branches, Barkley found that Congress approved important foreign affairs measures such as the international monetary agreements, reciprocal trade revisions and the United Nations Charter.

But in the first 100 days of the new presidential regime it didn't do much about putting into effect some of the domestic suggestions Mr. Truman made.

Barkley listed these, along with unacted-upon proposals made by the late President Roosevelt, in a program he planned to tell the Senate must be considered when members return in October from a vacation starting tomorrow.

Cites Other Issues

Although Barkley said he began working on the idea a week ago, his list was regarded as something of an answer to the move by Senate left wingers to rally support behind what they call "progressive" reconversion legislation.

Barkley could call attention, for instance, to Mr. Truman's proposal that unemployment compensation be increased and maintained on a nation-wide level during the reconversion period. Congress hasn't done anything about that.

The President also asked for power to reorganize the executive departments. And he wanted revision of the surplus property setup to place it under one administrator.

It is the Roosevelt program, however, that most of the suggestions are found which parallel the measures the Senate's so-called liberals are planning to push when they return next October.

Mr. Truman said shortly after he took office that he endorsed the Roosevelt program 100 per cent. However, some differences already have made their appearance.

EX-PRISONER WEDS TUESDAY

Miss Doris E. Shaffer, daughter of Mr. and Mrs. Muri L. Shaffer, 401 York street, became the bride of Pfc. Newell E. Carey, son of Mr. and Mrs. Charles C. Carey, Gettysburg R. 3, in a double ring ceremony performed Tuesday evening at 8:30 o'clock by the Rev. Charles M. Mitzell, pastor of the bride and bridegroom, in the parsonage at Shrewsbury, York county.

The wedding was witnessed by the bride's parents, who formerly resided at Steltz which is part of the Shrewsbury charge.

Pfc. Carey is a veteran of combat action on the Western front where he was taken prisoner by the Germans nearly a year ago. He is now on a 60-day leave following his return to this country after his liberation from the Nazi prison camp.

The bride wore a white and black dress with white accessories. Her corsage, a gift of the bridegroom, was of yellow gladioli. Her mother wore fuchsia with white accessories. Her corsage was of white carnations and was a gift of the bridegroom.

The couple will reside at the home of the bride's parents until Pfc. Carey returns in a few days to Atlantic City for reassignment.

GUEST MINISTER

The Rev. J. Louis Wolf will preach at St. James Lutheran church Sunday in the absence of the pastor, the Rev. Dr. R. R. Gresh, who is on vacation. On August 12, the Rev. Dr. J. Harold Mumper will be the guest speaker and on August 19th the Rev. Ralph W. Birk will fill the pulpit. On August 26, the Rev. Dr. J. B. Baker, of York, will preach.

Normal annual consumption of iron ore in the United States is about 50 million gross tons.

BRITISH FEE TO RETURN ONE YANKEE IS \$100

By JAMES MARLOW

Washington, Aug. 1 (AP)—Official British sources here estimate the cost of carrying American troops back and forth across the Atlantic in British ships at \$100 each.

It is reliably understood that this government estimates the cost of carrying British troops in American ships on the Atlantic at \$75 each, or \$25 less than the British estimate.

This American estimate is not official because the Foreign Economic Administration (FEA) refuses to give an estimate which can be called official.

The estimate in both cases—by the British and by the Americans—is merely a bookkeeping entry. No money exchanges hands. We pay the British nothing. The British pay us nothing.

Are Book Entries

We charge off the expense of moving British troops to lend-lease aid for Britain. (The FEA is the American agency which handles lend-lease). The British charge off the cost of moving American troops to reverse lend-lease aid for us.

The number of British troops carried from here to Europe or back—by us—is only a trickle when compared with the vast movement of American troops in Britain's big liners like the Queen Mary.

The official British sources here emphasize that their \$100 figure is only a "memorandum entry in the records in London and has been kept merely as a record because the United States government asked that it be kept."

The United States, they noted, will not be billed for the cost of transporting American troops in British ships.

Gave 40 Billions

Lend-lease aid to our Allies in this war has taken many forms, from services, like repairing damaged Allied ships, to goods like razor blades, pins, food, machine tools, ships, munitions.

Lend-lease aid has cost this country about 40 billion dollars, total, for goods and services. Britain has received the largest individual share.

Reverse lend-lease given by our Allies has taken many forms: Fuel and repair for our ships, buildings, airfields.

Reverse lend-lease given us totals about 5 billion dollars. By far the largest share came from Britain.

No one here will say what final settlements will be made on lend-lease aid given by us or reverse lend-lease received by us. It's not likely that any settlement will be in cash.

Extend Allegheny County Quarantine

Harrisburg, August 1 (AP)—The Department of Agriculture has extended its quarantine on dogs throughout Allegheny county for an additional 100 days from August 14.

Secretary Miles Horst said the action, taken Monday, was because of the continued prevalence of rabies in that county. The original quarantine was imposed last May 7.

Horst sent notices to all mayors and burgesses in the county asking cooperation of all local officials, co-operating agencies and dog owners.

During quarantine it is unlawful for a dog to run at large without a muzzle.

The department reported that 157 cases of rabies were reported from Allegheny county during the first six months of 1945, representing nearly one third of the state-wide total of 431 cases reported.

DDT Certificate Granted By State

Harrisburg, Aug. 1 (AP)—Sale of DDT war-developed insecticide to the general public started today in Pennsylvania as the agriculture department granted the first certificate of registration to Walter Steuber, Swarthmore manufacturer.

Miles Horst, agriculture secretary, said registration of all persons who planned to sell the powerful insecticide was required by a state law.

Horst cautioned Pennsylvanians that the preparation, designed to kill mosquitoes and other pests, kills beneficial insects as well as the harmful ones.

Polio Spreading In Philadelphia

Philadelphia, Aug. 1 (AP)—Public Health authorities reported three new cases of infantile paralysis in this area yesterday but said the disease has not reached epidemic proportion.

One new case in Philadelphia brought this city's total to 20.

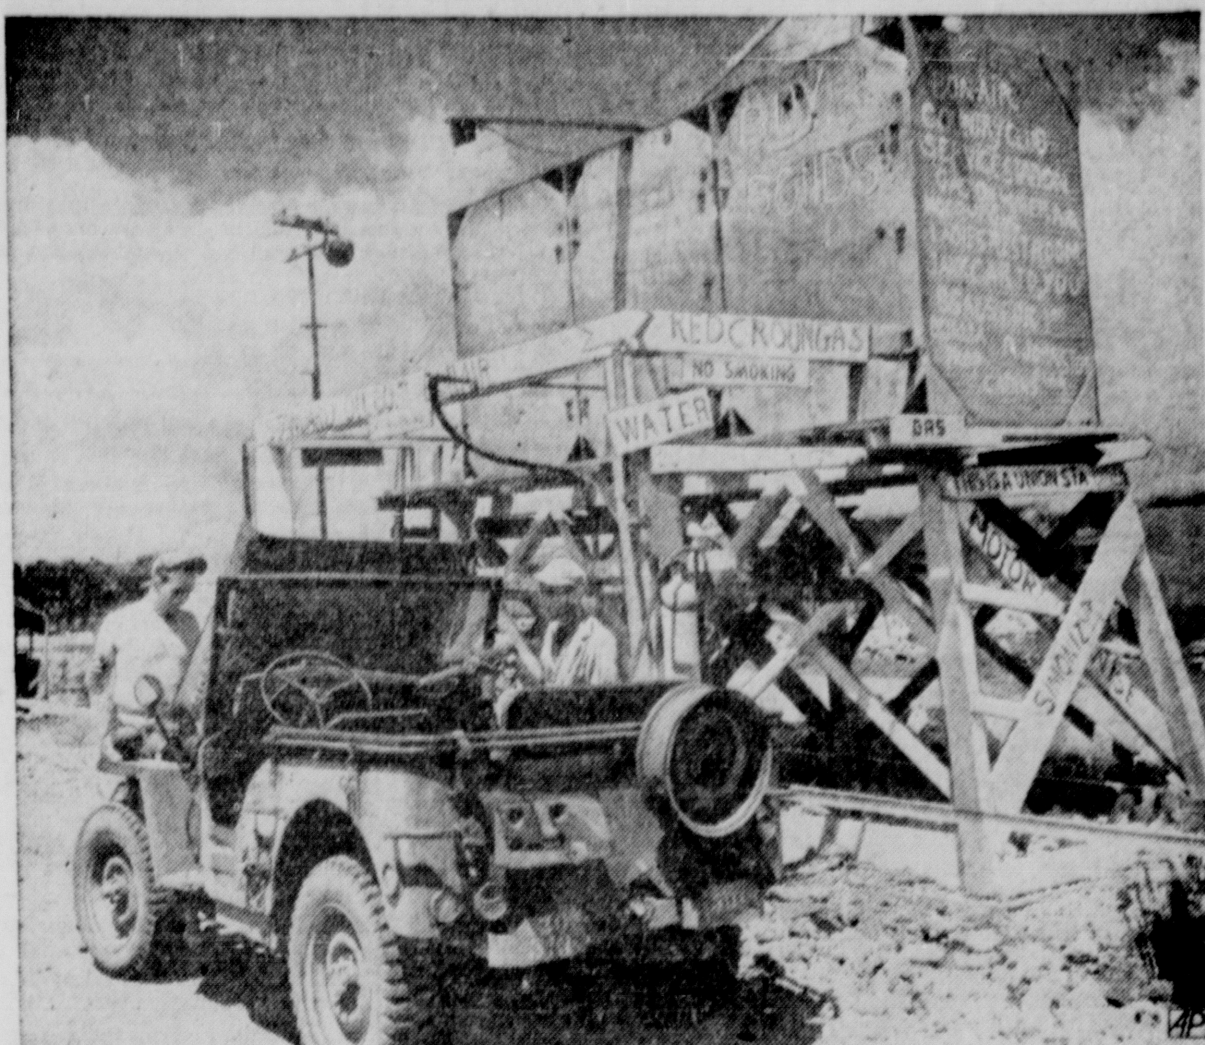

Meanwhile, 26 new cases were reported in New Jersey, bringing that state's total for the year to 169.

Health officials warned children to avoid crowds.

LADY JACKS

Mt. Sterling, Ill., Aug. 1 (AP)—Paul Bunyan wouldn't believe it but lady lumberjacks are working at sawmills here and at Bladinsville.

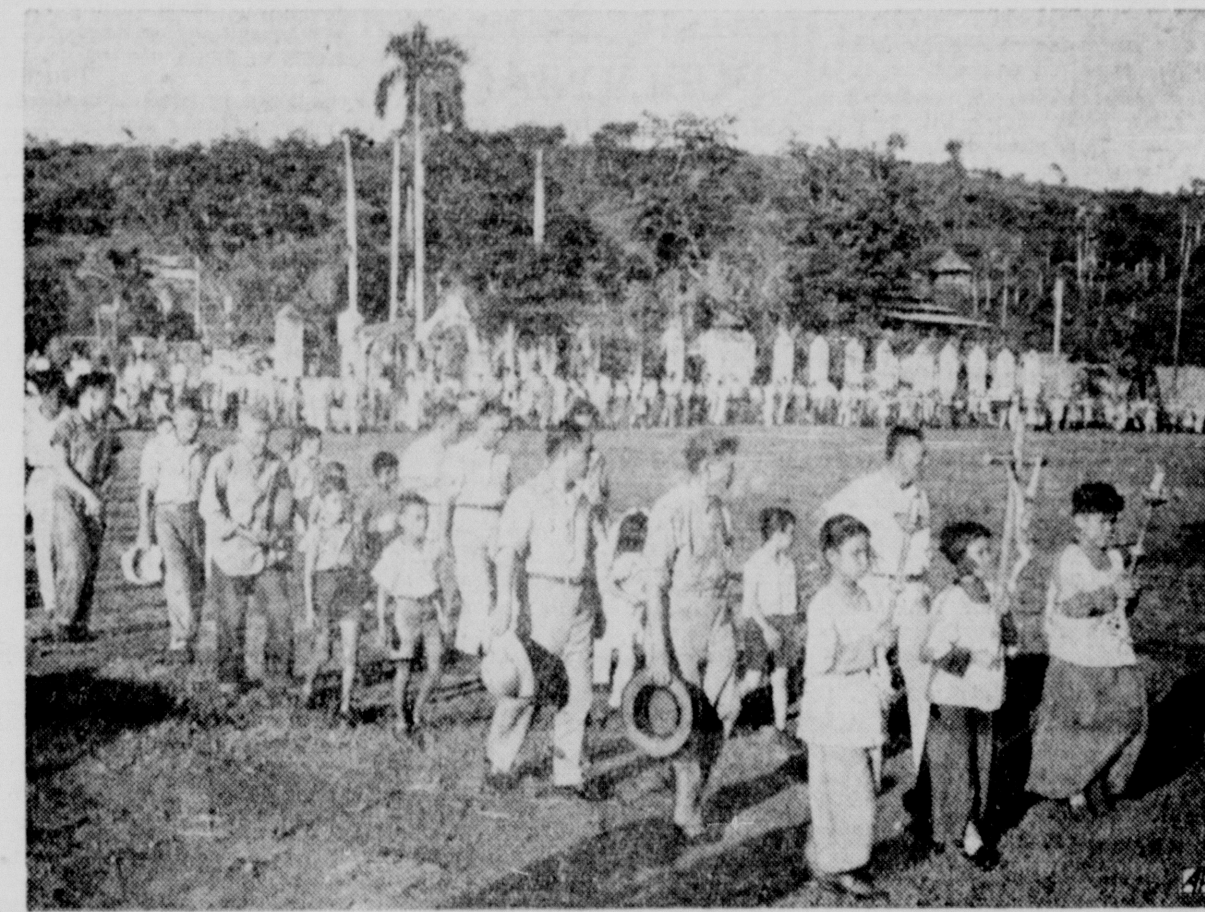

Mrs. Peggy Martin, 21, wields an axe-and an end of a crosscut saw at a stove mill and Mrs. Emmett Seybold operates an edger and fires a steam engine at her husband's saw-mill.

PLEBES IN TRAINING—West Point Cadet John L. Carr, Jersey City, N. J., jumps some barbed wire while Cadet J. M. McClellan, Camden, Ark., crawls under in plebe maneuvers.

Must Use Stamps For Overseas Gifts

Washington, Aug. 1 (AP)—People who want to send rationed food and shoes to civilian friends abroad henceforth will have to spend ration stamps for the gifts.

The OPA, making this ruling yesterday, exempted food for servicemen overseas and shoes for government representatives in other countries.

Chester Bowles, the price administrator, commented that from now on "those of us who want to help out civilian friends and relatives abroad can do it by foregoing a part of our own share of scarce rationed goods."

There had been criticism in Congress of the ration point-free gifts, chiefly by Representative Latham (R-NY).

MATTRESSES USED TO PLUG LEAK IN SHIP

Washington, Aug. 1 (AP)—Even mattresses were used to help stem leaks punched in the battleship Mississippi January 9 by a bounced-about Japanese suicide plane that took the lives of 22 men.

The Navy told today of the action in the Gulf in the Philippines. It added that the 28-year-old battleship was "fully operable" after the attack and that in later overhaul at Pearl Harbor "her fire power was increased 300 per cent."

This increased power, it added, "probably will save the lives of hundreds in the future." There were 18 injured, in addition to the dead, in the January 9 action.

It was early afternoon when the suicide plane, a carrier-based dive bomber, began its plunge toward the Mississippi. The Navy story continued:

"Coming in forward, the plane leveled off near the ship, grazed the port side of the navigation bridge, bounced off a gun mount and went over the side.

"Its bomb, estimated to be a 250-pounder, was dislodged when the plane hit the bridge, veered off to port and detonated in the water when about 15 feet from the hull.

Fires started by the suicide plane were put out in 20 minutes.

The ship did not drop out of the firing line. She continued to carry out assignments until March, when she went to Pearl Harbor for general overhaul and permanent repair of battle damage.

HORROR STALKS THROUGH TOKYO

By BONNIE WILEY

Guam, Aug. 1 (AP)—The terror of life in a land writhing and burning beneath the greatest bombardment of all times is reflected fully in Japanese propaganda broadcasts, becoming more tense as B-29 and Navy attacks mount in fury.

"We are enduring the impossible, with grinding teeth and clenched fist, when we see enemy planes penetrating our homeland and proudly flying over our heads," cry the Nipponese propagandists.

The horror that there must be today in once-proud Tokyo is apparent in another broadcast which described matter-of-factly how the great majority of remaining Tokyo residents, living underground, "desire to be provided with the minimum amount of goods and services necessary for subsistence."

A picture of thousands of injured hovering in dark underground shelters doubtless prompted the broadcasters to add: "Other goods of which they are in great need are medicines essential to the maintenance of life in air-raid shelters."

Although Japan's propaganda machine gives a pollyanna ending to every story of personal injury, tragedy glares through. There is the case of the Japanese who explained that although he lost his home and all his possessions in a B-29 raid, he got to see some raiders crash and that was worth the price of admission. And, he added, next time he saw a B-29 crash he wouldn't have to pay any admission price—because he had nothing left to pay.

Nearly twice as much money is in circulation in \$1,000 bills as in \$500 bills.

The production of high-octane aviation gasoline has more than doubled each year since 1941.

ELLIOTT SAYS FATHER DID NOT "ASSIST" DEAL

Washington, Aug. 1 (AP)—Brig. Gen. Elliott Roosevelt says anyone who claims the late President Roosevelt "promoted or assisted his son's business affairs is lying."

And, young Roosevelt said in a sharply-worded statement last night, he is leaving the Air Force simply because he does not wish to be an arm-chair general.

He made the decision a month before published reports about his business transactions which led to a Congressional investigation. Roosevelt said, adding of the reports:

"I conducted my own business affairs. The responsibility was and still is mine and mine alone."

Wants Facts Revealed

Asserting he had nothing to conceal, the general said he was co-operating with a Treasury investigation of his affairs and had asked the department to "make public all of the facts, without reservation, at the earliest possible moment."

"I am entitled to a full public statement of those facts for the sake of my family," Roosevelt said. His statement was made public by his attorney, Randolph Paul, former general counsel of the Treasury.

The Treasury began its investigation on orders of the House Ways and Means and Senate Finance Committees.

It stemmed from a story early in June by Columnist Westbrook Pegler that young Roosevelt had borrowed \$200,000 in 1939 from John Hartford, president of the Great Atlantic and Pacific Tea company, that the debt was settled three years later for \$4,000 by Jesse Jones, then Secretary of Commerce, and that Hartford listed his loss as a bad debt on his 1942 income tax return.

Says FDR Knew

Pegler wrote that "President Roosevelt knew of the loan and approved it."

General Roosevelt, who reverts to inactive status August 15, said he filed his retirement request May 11, three days after V-E Day.

"I wanted to take part in the fighting against Japan," he added. "Above all else, I still want to do so, but the army has no assignment for a reconnaissance officer of my qualifications."

"I have neither the background nor the training for a non-combat assignment, and I certainly have no desire to finish out the war as an arm-chair general."

HOT BOX

San Francisco, Aug. 1 (AP)—Police today were searching for a man who has put a new twist in the tale about the fellow who tries to put letters in fire-alarm boxes.

A local firebug has been dropping blazing match folders into mail boxes.

PUBLIC SALE

August 11th, 12 Noon Sharp

The undersigned having sold his farm, stock and main farm machinery, will offer at public sale on the premises at Orrtanna, the following personal property:

No. 4 Peerless Cloverhuller, Fairbanks platform scales, cornsheller, Stewart horse clippers, single shovel plow, Portland sleigh (in good shape), Speider cultivator, lot of flat and round iron suitable for farm use, string of sleigh bells, remnants of harness, 12 feet of 8 in. iron pipe, ladders, forks, shovels, chains of all kinds, small quantity of lumber, lot of grain sacks, small block and tackle.

Household Goods

Put On Pressure For Stream Cleanup

Harrisburg, Aug. 1 (AP)—Representatives of 21 communities along the Juniata river and the north branch of the Susquehanna were called before the Sanitary Water board today to tell why they have not complied with orders in Pennsylvania's stream clearance program.

More than 400 cities and towns throughout the state have been directed to submit plans for post-war construction of sewage treatment plants. Those which failed to do so were called upon to explain why their cases should not be turned over to the Justice department.

GENTNER NEW OPA APPOINTEE

New York, Aug. 1 (AP)—Leo P. Gentner, special assistant to Price Administrator Chester Bowles, stepped today into the post vacated by the resignation of Daniel P. Woolley as regional OPA administrator.

Gentner will serve as acting regional administrator until a permanent successor to Woolley is appointed.

Bowles announced yesterday in Washington that he had accepted Woolley's resignation, effective immediately. He told the executive "it is clear x x x that your resignation is totally unconnected with any charges reflecting on your integrity which have recently appeared in the press."

At the same time, Bowles said he had rejected a request for "further hearing" submitted by Paul A. Ross, dismissed last week by Woolley. Ross, who had been in charge of enforcement for the regional office, had charged Woolley with attempting to "influence and determine the disposition" of important OPA cases.

Woolley's resignation followed a series of incidents and rumors beginning last week when James G. Rogers, acting OPA administrator while Bowles was on vacation, accepted a "resignation" which Woolley denied making. Subsequently, Rogers withdrew the "acceptance," and Woolley said he was "definitely remaining."

Then Ross' charges were made public after he filed a 25,000 word protest against his suspension and against Woolley's enforcement policies. Later, Ross was dismissed.

Soybeans were first imported into the United States in 1804.

Now She's Walking On Air

Every day, people who really suffer from tired, burning feet are learning the quick, thrilling comfort that lies in a jar of Ice-Mint. Under the touch of this frosty-white cream, you can actually feel tired muscles relax, as your feet respond almost instantly to its refreshing coolness. To help soften corns and callouses, there's nothing better than medicinal Ice-Mint. So get a jar today and enjoy the blissful feeling that comes with all-day foot comfort. At all druggists.

Just Folks

ALL GOLFERS ARE UNKIND
The parson is a gentle soul.
He preaches charity to men.
But golfing—two feet from the hole—
He's just a common mortal then.

With crosier, mitre and his ring.
The Bishop mercy will invoke.
He'll give a poor man anything.
Except what golfers beg—a stroke.

The parson leads his flock in prayer
And talks of Christian pity, but
He answers with an icy stare
When asked to give a two-foot putt.

The gates of mercy stand ajar.
Nor would the clergy want them shut.
But, hard of heart all golfers are
And Bishops seldom give a putt.

Today's Talk

THE GREATEST STUDY
It was Pope, I believe, who made the extraordinary statement that "the proper study of mankind is Man." Far be it from me to place my mind in contrast to his, but I believe him to be wrong.

After all these thousands of years, what do we know about man that we didn't discover at the very start? I think we know enough about man. We know that he is both good and bad, and that he has every savage instinct the wild beasts have. Man has yet to learn how to peacefully and generously live, both with himself and his fellow man. Man has even become so efficient at killing that there is grave danger he may lose both his life and his soul—leaving only Nature to survive.

The greatest study in this life is Nature. Every approach to her may be a new one—one that even the wisest scientist or naturalist may have missed—for the knowledge to be gained from her, and her mysterious secrets is as the sands of the sea. Everything learned from nature is a secret unfolded. Something to stir the intellect, something to feed the spirit, and something to adapt to one's own plan of life.

There isn't a single creation in nature that couldn't be expanded into a large volume—and then only faintly touched upon! Fabre devoted a lifetime to the mere study of insects, and he only scratched the surface of all that is possible to be learned from them. The fact is that nature is exhaustless. We shall never know all about her and her universe.

I should like to know why the little bird that I studied from my field glasses today had a beautiful yellow spot on its head, and one on both its sides, a little under the small grey wings, and that white breast. Why all the masterful and artistic coloring? Also, why are so many of the most beautifully colored of our birds to be found in tropical countries so far from all human habitation?

I don't see why it is necessary to study theology when the greatest of all theological seminaries is to be found in nature. There God has enlarged himself, and everything learned in nature is true. No speculation or theories.

Abbottstown

Abbottstown—A local party of 15 spent Friday fishing at Leue's Beach, Del. They returned home with a catch of 573 fish.

Mrs. George Harnes and son, Henry, have returned to the home of her father-in-law, William Harnes, after visiting relatives in Philadelphia for the past three weeks. Prof. C. Grove Harnes was a visitor at the Harnes home on Wednesday.

Sterling Showers, son of Mrs. Martha Gladfelter, received a painful cut on his forehead when he was hit by a piece of wood with a nail which was thrown from a barn by youngsters who were playing in the barn.

Mrs. Elmer Lindquist returned to her home in Hartford, Conn., after spending two weeks with her mother, Mrs. Cora Rubin.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times
TWENTY-FIVE YEARS AGO

Start Orrtanna School: Contract for the new school on First street, Orrtanna, has been let to John Musselman, oldest member of the Musselman Canning company, for \$10,000 and work on the foundation already has commenced.

It is the hope of the contractor and the Orrtanna School Board to have the building completed by October first.

White shoes at 98 cents a pair at Haines. See the window. Haines, the Shoe Wizard, Gettysburg.

Large Assembly at Reception: To celebrate the honor conferred on one of their members the Father Corby Council and Queen of Peace Council of the Pennsylvania Catholic Beneficial League tendered a reception to Charles W. Stock in Xavier Hall Tuesday evening. About 300 persons were in attendance.

Mr. Stock was elected to the office of grand secretary at the State convention which was held in Lebanon in June.

The committee in charge was composed of John Irvin, Charles Jacobs, Albert Dillman, Charles Swisher, Edgar Hamilton.

Graysons at Blue Ridge: The family of Dr. Cary T. Grayson, President Wilson's physician in Washington, has arrived at Blue Ridge Summit and is installed in Dr. Carter's cottage for the summer.

Returned to Vermont: Sergeant William A. Dillman, who has been spending a month's furlough at the home of Mr. and Mrs. Albert Dillman, South Washington street, has returned to Fort Ethan Allen, Vermont. Sergeant Dillman has been enlisted for three years in the United States Army.

Free Dinner for City Children: The first entertainment to the children of the New York Society of Inner Missions was given Friday afternoon when Kenderton S. Lynch, owner of the Eagle hotel, tendered a free dinner to the 67 boys and girls who are here now. After the dinner Mr. Lynch presented each one of the children with a ticket for a moving picture show, given at his theater, The Lincoln Way, on Saturday afternoon.

Gas Rates Jump 50 Per Cent: Beginning September 1 consumers of gas in Gettysburg will be required to pay rates ranging from 50 to 60 per cent higher than those now in effect, according to an announcement made by the Gettysburg Gas company.

In making the announcement the gas company says "it has been the hope of the company that it would be able to continue its service without increasing its rate. In the expectation that the high prices which it has been compelled to pay for coal and oil would not continue, the company for almost four years has operated without sufficient profit to enable it to pay any dividends to its stockholders."

Lincoln Trust Officially Open: Saturday morning at 9:00 o'clock the Lincoln Trust company opened its door at Center Square and Chambersburg street for business and Gettysburg officially became the possessor of four banking institutions.

The distinction of making the first deposit can be claimed by three persons, J. L. Williams, Esq., made a deposit several days ago; George Wertz, Straban township, made another a few minutes before the doors opened so as to allow him to catch a train and V. W. S. Duttera, of Gettysburg, was the first man to shove money under the window for safe keeping after the bank had officially opened for business.

Field Mass Drew Big Crowd Again: Proving again that the annual field mass and picnic of St. Ignatius church in Buchanan Valley is one of the most important events of its character in this section of the country, between 12 and 15 hundred people motored or drove to the historic spot on Saturday afternoon to participate in the 1920 ceremonies which were fully up to the standard of former years.

As usual Father Whalen had secured numerous valuable articles to be placed on demonstration which this year included a set of Oriental slippers and beautiful hand painted china.

Personal: Mr. and Mrs. C. A. Heiges have returned to their home on Buford street after spending some time in New York.

Mr. and Mrs. Paul Dubbs, of near Fairfield, announce the birth of a daughter.

Mr. and Mrs. Samuel Knox, of South Washington street, announce the birth of a son, Saturday.

Miss Gladys Raymond, Chambersburg street, is spending two weeks at Staundsburg.

Mr. and Mrs. Harry Lackner, of Chambersburg street, announce the birth of a daughter, Saturday.

Miss Theodora Gluck has returned to her home in Lansford after visiting Mr. and Mrs. Price Oyler on York street.

Rev. Albert Hollinger has left for a three-week business trip to western Canada.

Captain Charles Willoughby, United States Army, is visiting Dr.

TRACE GROWTH OF ARMY AIR ARM SINCE '07

Washington, Aug. 1 (AP)—Thirty-eight years ago today the army assigned one captain and two enlisted men to "study the flying machine and the possibility of adapting it to military purposes."

They decided the machine could be adapted. Stemming from their decision is this record of the United States Army Air Force:

1. Dropped 2,000,000 tons of bombs on the Axis in World War II.
2. Destroyed 43,000 enemy planes.
3. Wrecked, in cooperation with Britain's RAF, from 30 to 80 per cent of Germany's 50 largest cities.

Reverse Strategy
4. Has ready a program for obliterating Japan's war economy by dropping 2,700,000 tons in 1946 if the Nipponese don't give up before then.

The question of whether victory through air power alone is possible goes unsettled. Officially the AAF does not say so, even on this, its officially proclaimed "Air Force Day." Its closest approach to such a statement is made in presenting the case for strategic bombing using Germany as an example. Says the AAF:

"In past wars it has always been necessary to dispose of an enemy army before being able to destroy, occupy or dictate terms to the enemy nation, which, in the last analysis, is the real foe. The recent European war was unlike all others in that this time the enemy nation was destroyed almost ahead of the army which was supposed to defend it."

Arnold Among First
From the three-man "division of aeronautics," which had no plane to start with when formed on August 1, 1907, the organization has evolved into a present force of 2,300,000 men and 65,000 airplanes. The first plane was purchased by the army from the Wright brothers two years after the study group was formed. It had a wing span of 36 feet, four inches, a speed of 40 miles an hour, carried two men of a total weight not exceeding 350 pounds and fuel for a 125-mile flight.

Today Army Air Forces has developed from that original model a series of specialized weapons of air war. They include the P-80 jet-propelled, 550-mile-an-hour-plus plane, newest of fighter models. Greatest in bomber size is the B-29, totting more than 70 tons of bombs on long over-water hauls to Japan.

The span of army aviation is still so short it can be measured within the military career of some of its personnel. When the rating of military aviator was established by the army in 1911, one of the first three officers to win wings was 2nd Lt. Henry H. Arnold. Today he is No. 1 man, the five-star commanding general of the United States Army Air Forces.

Mt. Hope

Mt. Hope—Thomas Metz and William Shiner, Fairfield, are spending several days in Baltimore.

Mrs. Maggie Kepner returned to the home of her son-in-law and daughter, Mr. and Mrs. Harry Kint, after spending the past five weeks at the home of her son-in-law and daughter, Mr. and Mrs. Robert Brown, Hanover R. D.

Mr. and Mrs. Paul Bankert and Mr. and Mrs. Arthur Spangler, Hanover, spent Sunday at the home of Mr. and Mrs. John Kump, Virginia Mills.

Mr. and Mrs. William Morrison and son, William, Jr., Baltimore, spent Sunday at the Luther Lightner cottage, Mt. Hope.

Mr. and Mrs. Luther Lightner, Mrs. Margaret Barnes, Miss Judy Frazier and Charles Barnes, have returned to Baltimore, after spending two weeks at their cottage at Mt. Hope.

Mr. and Mrs. C. C. McClellan and family have moved to their home near Fairfield Station.

Mr. and Mrs. Charles Brice and children, Charles, Mary Louise and Martha Mae, spent Sunday with relatives in Thurmont.

Mrs. Ethelbert Adams and son, Roy, Catonsville, Maryland, spent the past week-end with Mr. and Mrs. Luther Lightner.

Mr. and Mrs. Norman Adelsberger announce the birth of a son, Ray, last Friday.

Luther Metz is having his house remodeled at Virginia Mills. John Nary is the carpenter.

Miss Leama Lightner spent a few days at the home of Mr. and Mrs. Luther Lightner, Baltimore.

Mr. and Mrs. Harry Lightner visited with Mrs. Nellie V. Smith, Baltimore, on Monday.

Private Glenn Adelsberger, who recently returned from overseas, is spending a furlough with relatives at this place.

and Mrs. J. A. Singmaster, Seminary Ridge.

Mrs. William Hersh and Miss Henrietta Hersh have gone to Winchester, Va.

Mrs. Luther Sachs and three children, of Waynesboro, are spending several weeks at the home of Mrs. Elsie Hartell, York street.

Miss Carrie Miller has returned to her home on York street after spending several weeks at Ocean City, N. J.

Modern machines turn out 50 molded glass bottles a minute.

HAIRCUT FOR ARMY—Pvt. Dan Oats, 20-year-old Cree Indian from the Rocky Boy reservation in Montana, loses his 18-inch braids upon induction into the paratroops at Ft. Douglas, Utah. William June is the barber.

East Berlin

East Berlin.—Dr. and Mrs. Roy E. Smith and sons, Morgan and Wesley, plan to move to the small farm near Hanover which they recently purchased. The family has resided in the George W. Moul property for the past eight years while Dr. Smith practiced medicine in this section.

Mr. and Mrs. Aaron M. Jacobs, Altoona, formerly of this section, were here during the past week to visit relatives and attend the funeral of his sister, Mrs. Annie Jacobs Brown.

These members of the local Girl Scout troop have returned from a camping trip to Laurel dam: Martha and Mary Eisenhart, Frances Lee Elgin, Charlotte, Nancy and Phyllis Glafelter, Delores Gochenour, Gloria Goulden, Marilyn A. Hoover, Miriam Klinedinst, Margaret M. Lease, Geraldine Lemmon, Josephine Mixon, Peggy Ann Moul, Beverly and Doris Pifer, Dorothy Mae Resser, Kathrine Thoman, Geraldine Trimmer and Ruthetta D. Wolf. They were chaperoned by Mr. and Mrs. Lester E. Brown.

The Hoffman Brothers, York, have purchased the Cleason E. Smith farm, R. 2. The Hoffmans are also owners of the farm near here, tenanted by the Charles Chubb family, the barn on which place was destroyed by fire July 2. The Mervin Yohe family, who have been residing on the Smith place, will continue to make their home there.

Maurice Detter, York, with his family, was a visitor of his mother, Mrs. Georgia Detter, during the past week.

Mr. and Mrs. John E. Gentzler have been entertaining their son and daughter-in-law, Sgt. and Mrs. John E. Gentzler, Sgt. Gentzler, who had been overseas, recently arrived at Indiantown Gap. His wife is a cadet nurse at the York hospital.

Mr. and Mrs. Nevin A. Decker have had as a house guest her sister, Mrs. James Markey Chambersburg.

Mr. and Mrs. Richard O. Riggs and son, Richard, who have lived for some years in an apartment at the home of her parents, Mr. and Mrs. George L. Shier, moved this week to the residence they purchased from Paul M. Schwartz who has moved to Pittsburgh.

Lemuel Bosserman, who spent more than a month here settling the estate of his father, the late Amos Bosserman, left this week for Harrisburg.

Mrs. Charles I. Raffensperger and children, Harold, Donald and Phyllis, Millintown, were guests this week at the home of her father, John Myers, and family. Harold Raffensperger is convalescing after a long and serious sickness.

Fred Myers and Merle Hoffman have been in Philadelphia to represent the Luther League of Trinity Lutheran church at the Luther League convention.

Miss Katharine M. Sinner has been a guest of her sister, Mrs. Fred Diehl, and family, Everett, Bedford.

New Oxford

New Oxford.—The infant son of Lt. and Mrs. Joseph Poist, South Bend, Ind., has been named Michael Philip. He is a grandson of Mr. and Mrs. Leo Poist.

Mrs. Robert E. Hemminger is registering entries to be exhibited in the local Garden club's annual flower show. The show will be combined with a Victory Garden exhibit and will take place Saturday, August 25, in the store room at the home of Mrs. Harry Swain.

Daniel Anderson, Jack Harner, James Herman, Fred Howe, John Noble, John Schriver, Russell Schriver, and George E. Smeltz, Jr., of local Boy Scout Troop 85, and

Things Of The Soil

By DAN F. VAN GORDER
The Gettysburg Times Agricultural Editor

Questions of our readers on lawns, flowers, vegetable growing, poultry, fruit, livestock and general agriculture will be answered by return personal letter without charges if a 3-cent stamp is enclosed.

Address Letters To
The Gettysburg Times Agricultural Editor
Box 1528, Washington, 13, D. C.

August—Lawn, Garden and Farm

1. If Oriental poppy planting was postponed in July, complete the work at once. Free planting instructions on request.

2. Continue to keep the onion patch entirely free from weeds to permit the bulbs to mature thoroughly before harvest time.

3. Make a final sowing of beet seed for the late crop to can and store by cellar and burial.

4. Spray cherry trees to control leaf-spot. Use lime-sulphur at the rate of 1 part concentrate with 9 parts water.

5. Garlic and onion both loom higher for their healthful qualities. Housewives should make liberal use of them.

6. Sow pansy seed at once and later shift seedlings to a well drained bed. Free cultural instructions on request.

7. Plan to spray grapes with Bordeaux mixture four weeks before each variety is expected to begin ripening.

8. Plow soybeans under for soil improvement while the stems and remainder of the plant are tender and green.

9. Plant bulbs of the beautiful Madonna lily this week.

10. Gather prematurely dropped apples and pears and feed them to hogs or bury them deeply to reduce 1946 insect pests.

11. A small garden bed of strawberries may be started now by setting out potted plants or vigorously rooted runners.

12. Plant bunch snap beans soon for the final late crop.

13. Keep pullets growing steadily by careful feeding and care; guard them from lice.

14. Inspect all shade and fruit trees for dangerous stubs left from pruning. Make cuts close to a parallel with the body.

Army Doctors Make Discovery

It has been the experience of army doctors that an ointment containing a sulphur drug and urea has done exceptionally good work on the war front as a healing formula in burns, itching, athlete's foot, industrial skin infections, itching of eczema, psoriasis and first aid. This combination of ingredients is available to the folks back home and the name is VICTORY OINTMENT. This ointment is white, greaseless, and also contains lanoline and benzocaine. It is antiseptic, pain relieving and promotes healing. Factory workers will find VICTORY OINTMENT the best for hands. Safe for adults or children. Safe to use on any part of the body. Clip this notice and get a jar of VICTORY OINTMENT—Made by the makers of Ecto Powder. Sold in Gettysburg by Ros & Derrick Drug Store—Ad.

PUBLIC SALE

Cites Advantages
Of Hiring Vets

Allentown, Pa., Aug. 1 (AP) — Advantages of employing disabled war veterans were emphasized by William H. Chesnut, state secretary of Labor and Industry, in an address prepared for the American Business club today.

Chesnut asserted disabled servicemen who have been retained for jobs they can perform have made "marked successes," and called attention to a state fund which relieves employers of exceptionally heavy responsibilities if a disabled worker incurs another injury.

WOMAN DOCTOR
BACKS MINERS'
'HEALTH' FIGHT

Force, Pa., Aug. 1 (AP)—A pretty woman doctor and 275 miners who "struck" because of what they call intolerable sanitary conditions today awaited a state Department of health report on the water supply in this northern Pennsylvania coal town.

The woman, 33-year-old Dr. Elizabeth O. Hayes, former worker at famed Grenfell Mission in Labrador, quit as physician for Shawmut Mining Co. in protest against the firm's refusal to make health improvements. She said she would move away, leaving 4,000 persons without medical care, unless something was done.

The miners quit two weeks ago, declaring they won't work without a company physician at hand.

At Harrisburg, Dr. J. Moore Campbell, deputy secretary of health, said a district engineer investigating a threatened typhoid epidemic here reported "the public water supply was in good shape" but that "private wells had been contaminated by sewage from out-houses."

"Impossible Demands"
He said an official of the division of Sanitary Engineers had been asked to come to Force to study conditions and added: "His report should be in my office today."

Ross Pentz, attorney for the miners, asserted sewage flowed into streets where children played and wells of drinking water and that "state Health Department representatives told Dr. Hayes conditions were no different here than in other Pennsylvania mining towns."

"I can stand it no longer," said the woman doctor. She asked the company for sewers, a water system inside bathrooms and foundations under the company houses.

"She laid down some impossible demands," declared Frank Lambert, general manager of the company. "It's an economic impossibility to lay water pipes 3 1/2 miles to a town of 94 houses."

"Dr. Hayes has the people worked up to a white heat. She organized them like the 13 colonies and they're ready to stage another Boston tea party."

To Release Small
Arms To Civilians

Washington, Aug. 1 (AP)—All small arms, except 12-gauge shotguns and revolvers using 38-caliber special cartridges, will be released for sale to civilians immediately.

Announcing this today the ar Production Board said those to be released included 16-gauge pump and automatic shotguns, automatic pistols, and rifles.

Dealers must continue to sell 12-gauge shotguns only to farmers and ranchers for the use in predatory animal control. And 38-caliber revolvers chambered for special cartridges employed by law enforcement officers will remain "frozen."

PUT-PUT, WOW!

New London, Conn., Aug. 1 (AP)—Jack Willis of Canton, Ohio, maritime officer trainee here, gave three pedestrians a lift. That cost him \$15—the fine for overcrowding a vehicle. The four aboard a motorcycle.

CANINE WAR VETERAN—Rusty, Irish setter at whom his master, Capt. W. L. Monson of Salt Lake City is smiling, once belonged to a German general and understands only Italian. Monson smuggled Rusty into this country.

BRITISH LABOR
PARTY'S CHIEF
CITES NEW ERA

London, Aug. 1 (AP)—Prof. Harold J. Laski, chairman of the Labor Party's National Executive Committee, proclaimed today "the era of the common man" in Britain.

He said in an interview that Labor's sweeping victory in the general election held as much economic and social significance as the emergence of the middle class in England in the 1830's.

"This is the arrival of the people in power," Laski stated. "We are now prepared to give the little man—within the framework of the British constitution—all the progressive change that he requires."

Laski spoke with authority, for he heads the policymaking body of the Labor party.

On Foreign policy, he said: "Most Defeat Japs
"Our first great task is the utter defeat of the Japanese. Before the most pressing of our domestic problems we intend to fulfill our maximum obligations in the Far East."

With particular reference to Spain, he added: "We do not believe Democracy and Fascism can live side by side in our independent world, and we do not think Democracy is compatible with absolute monarchies."

Laski said the Labor party abhorred any system of government "in which a small class, living by privilege, tries to exploit, as in Spain it has exploited for centuries, the mass of the community."

"We believe the masses in any community are entitled to an equal share in the gain as well as in the toil of living," he added.

Laski asserted that the first objec-

five in the Labor party's program of nationalization would be the acquisition of the 250-year-old Bank of England.

Bank, Coal, Transport
"You can't plan economically without control of the central bank," he said. "A government which is not responsible for the operation of credit is not master in his own house."

The next nationalization effort would be directed at the coal mining industry, Laski said, then would come transport, followed by the iron and steel industry.

"We place iron and steel rather at the end so as not to disturb an industry taking so large a part in the war effort," he explained.

"In the fullest sense we are trying to fulfill the four freedoms—and in fulfilling them we hope Americans will regard it as our monument to Franklin Delano Roosevelt."

Of all the tribes of Africa who came into conflict with the white men, both Boers and British, the Zulus and Matabele were the most savage and dangerous.

AP Newsfeatures by PEGGY O'MORE

Chapter 3

She stood a moment, hesitant, wondering into which of these many doors she should go, and the thin member of the trio with the octagonal glasses smiled at her shyly.

"Are you one of the new stenographers?"

"Yes."

"I'm Evelyn James," announced the thin girl. "And this," indicating the girl who'd spoken first, "is Gladys Smith. And this"—the quiet third member—"is Hazel Traub. I imagine you'll be turned over to me. Carol usually has me show the new girls around."

"Carol?"

"Miss Hansen. She calls herself Carla, but I knew her when. She's sort of head girl around here; takes Mr. Sheridan's work."

"Hopes to take him when she can catch him in a weak moment," grumbled Gladys Smith.

"Now Glad—"

"Oh, listen, Ev, we might as well give this girl the lowdown. Let's try to keep her by fore-warning her, because she's going to need it. She has that certain something Carol won't be able to take, and Mr. Sheridan's having trouble enough without this office turnover."

Evelyn James held out her hands in despair. "You'd think we were trying to get rid of you before you started, wouldn't you, but we're not. Carla is difficult. She thinks being office manager means bawling the girls out in public. Not many of them will take it these days, with jobs that pay better just begging someone to take them."

"Why do you stay?" asked Jane, delighted at this quick insight into the affairs of the Sheridan Company.

"We couldn't let Mr. Sheridan down," Gladys answered. "He has enough to buck. More business than he can handle, because his stockholders won't let him expand enough to handle the new business."

"I should think stockholders would want to expand to—"

"Not this bunch of stuffed owls," muttered the plump Gladys. "One old dame with more money than brains controls most of the votes, and the wet smack she sends in to represent her is a mossback. Spends his time here pussyfooting through the office seeing that none of us wastes a sheet of paper."

"And Haskins," put in the quiet Hazel. "All he can say is, 'We must trim our sails and ride this war storm out.'"

"Why, say—"

"Sh," whispered Gladys. "Here comes somebody."

Jane turned from putting her topcoat on a hanger to see a dark-haired girl with smoky blue eyes enter, cast a sultry glance around and say, "Girls, this won't do. What would Mr. Sheridan think?"

Evelyn came forward then to introduce Jane.

Miss Hansen favored her with a quick glance which seemed to concentrate more on her smartly cut rayon tweed she wore than on her "Oh, yes, the girl from the hills. I hope you'll prove out. We've no time for mistakes. Evelyn, take

Miss Green—"

"Miss Grey—"

Again the sultry glance, this time accompanied by a queer crooked smile. "I'm sorry. I must have been thinking of value rather than name."

For a moment the three girls waited, watching Jane and Carla; then, as Jane turned quickly to keep a swift smile from breaking, they relaxed. The new girl could take it.

That night, over a chop and salad, Jane reviewed the notes she'd made on that day's investigation.

Mark Sheridan was a lamb. Which didn't mean he wasn't unruly. Lambs might be white and woolly and innocent—or was guileless the word?—but they were quite capable of butting their stubborn heads into the best piled apple cart. And they couldn't be led. No, while Mark Sheridan might arouse a maternally protective feeling in every woman's breast, it didn't mean that he was capable of handling his invention to the best of even his own interests.

Carla Hansen was not a lamb; she was a she-wolf in Hedy Lamarr clothing.

Carla would be out, in case of a reorganization; or if she was able to play her wolf game on those succeeding Sheridan, Jane would see she was assisted out. Evelyn James was doing the work that upheld Carla's reputation. Evelyn should have her position.

PUBLIC SALE

VALUABLE 176 ACRE FARM

Saturday, August 18, 1945

Undersigned owners will offer at public sale, on the premises, in Hamilton Twp., Adams Co., Pa., 3/4 mile north of Abbottstown, and about 14 miles west of York, along the State Highway Route 194, their farm of 176 acres, with approximately 150 acres of farm land, and an abundant supply of excellent oak and hickory woodland.

Improvements consist of a beautiful stone, slate roof, eight-room dwelling with electric, frame bank barn, 100x60 feet, with three drive-in floors, four large stables, two cemented, two silos, hog stable, implement shed, poultry house and other outbuildings, two excellent wells and spring, with running water at barn.

This farm should especially interest prospective purchasers for dairy farm purposes, as land is ideally located and developed, all lying on west side of highway.

Interested persons contact owners, residing in Abbottstown, anytime before sale, for viewing and inspecting the farm.

Sale to begin at 2 p. m., when terms will be made known.

W. W. HAFER, LUCRETIA ROTH HAFER, Owners

George Haar, Auct.

Note: This farm has been in continuous ownership of the F. K. Hafer and Abraham Roth family for more than 75 years.

YANKEES AGAIN WHIP FERRISS; DETROIT WINS

By JACK HAND
(Associated Press Sports Writer)

Nobody can convince Dave Ferriss that the New York Yankees are just a shadow of the old Murder's Row and the rookie of the year has evidence to back up his case.

The spectacular Boston Red Sox freshman has lost only four games while winning 17 but three of his setbacks were at the hands of the New Yorkers.

When the discharged Air Force veteran broke into the league with eight straight triumphs, including a 5-0 shutout of the Yanks, the writers went scurrying for the record books to excavate matching deeds. But Joe McCarthy's clan put an end to the search by knocking him off the pedestal, 3-2, on a rainy Sunday afternoon in June.

Ferriss at the time shrugged off the loss as "one of those things," recalling he had lost games in the Piedmont league and he'd lost plenty more up in the big tent.

Knocked Out Once

Next time the husky righthander came up against the Yanks he was slugged off the hill, the only time he has been kayoed in 20 starts, and soundly drubbed, 14-4, by Walter Dubiel.

The prize rookie had lost only once since and Dubiel had not beaten a soul since that June 21 day until yesterday when they again clashed at Fenway park. Ferriss wasn't knocked out or even close but the New York team combed him for 10 hits, four by Tucker Stainback, and edged him out in 10 innings 4-2.

Hal Newhouser pulled up even with Ferriss at the 17-win pole by turning back the champion St. Louis Browns in 12 heats, 5-4.

Cleveland moved into fifth place by nothing its seventh triumph in the last eight starts, nosing out Chicago, 6-5, in a night game.

Washington and Philadelphia were washed out of a two-night doubleheader after a Buddy Lewis celebration had been climaxed by presentation of a \$500 war bond to the Senators' star, back from four years of service in the Air Corps.

Braves Lose 10th

The Boston Braves sank to their 10th straight defeat by bowing to the New York Giants, 4-3, in the first game of a doubleheader. Relief pitcher Mort Cooper walked three men in a row to force in the tying run before Phil Weintraub broke it up. The nightcap threatened to be a similar story when the Giants rallied to tie in the ninth but the Braves snapped out of it with five in the 13th to grab a 9-4 even break.

St. Louis missed a chance to regain second place by losing to Cincinnati's Bucky Walters 2-0 in the second game after grabbing the opener, 4-3, as Al Jurisich pitched his first complete game and initial victory of the campaign.

Brooklyn and the Phillies were rained out of a doubleheader and Pittsburgh and Chicago were not scheduled.

Titan Hanover Looms In Classic

Goshen, N. Y., Aug. 1 (AP)—Titan Hanover, the undefeated three-year-old trotter owned by E. Roland Harman and Capt. Elbridge Gerry, today is considered about the closest approach to a sure thing for the August 8 running of the classic Hambletonian.

The crack son of Calumet Chuck soundly whipped the best of his division in the \$9,000 National Trot, prep race for the harness derby, at Bill Dane's Good Time Park yesterday. The purse boosted his earnings to around \$32,000.

With Harry Pownall handling the reins, the bay colt romped through his first elimination heat in 2:05 1/2, beating W. N. Reynolds' Reylard by three lengths. The second division race was taken by Octave Blake's Oaxomite with Lt. Col. Dunbar Bostwick's Kimberly Hanover second. In the final mile, Titan Hanover whipped Bostwick's filly by two lengths in 2:05 1/2.

Another undefeated horse, Leo McNamara's True Chief, chalked up his 23rd and 24th straight heat victories by taking the \$3,000 National Pace for three-year-olds in 2:06 1/2, and 2:06 1/4.

STARS REFUSE INDOOR PLAY

Wilmington, Del., Aug. 1 (AP)—Delaware's "Little Nationals" are at an impasse today after defending Champion Margaret Osborne, of San Francisco, seeded second, and other ranking women tennis stars refused to play indoors.

Heavy rains have soaked the grass courts at the site of the fourth annual Delaware state tourney. The opening two days of play were held indoors and on outdoor courts. Officials predicted last night it would take two days of strong sunshine to put the grass courts in playing condition.

Unranked Barbara Krase, 21-year-old San Francisco lass, provided the tournament's major upset yesterday when she eliminated Shirley Fry, of Akron, O., national junior titlist and eighth seeded nationally, in a 3-6, 7-5, 8-6 battle.

Miss Krase, who was taken to a hospital during the tournament last year for an appendectomy, uncorked a blinding baseline game in the final set and refused to wilt under pressure.

Miss Fry held a 6-5, 30-love lead when the California girl went to work. She rallied to take the next two games and went on to match point in the 14th game. Miss Fry weathered a bitter rally which saw the ball cross the net 38 times, but Miss Krase outlasted her opponent after 32 exchanges on the next match point.

To Salvage Some Condemned Butter

Pittsburgh, Aug. 1 (AP)—More than 2,200 pounds of butter condemned yesterday by a federal judge to the Pur Mile Corp. of Steubenville, Ohio, which had petitioned for permission to salvage some of the supply.

The company was ordered to furnish \$1,000 bond and pay for the services of a supervisor from the Food and Drug Administration to oversee the re-processing.

It said certain food value remained in the butter and that it could be "reworked and placed in such condition that it will meet government requirements, and the part which is not fit for human consumption can be used in the manufacture of soap."

Army Units Reaching U. S.

(By The Associated Press)

Advance units of the 13th Airborne Division were scheduled to sail today (Wednesday) from Le Havre for the United States. Main body of the division is in the Reims area.

Arriving in the United States today:

At Boston—Air Force repatriated prisoners.

Arriving in the United States tomorrow:

At New York—3136th and 3138th Quartermaster Service Companies; Headquarters and Headquarters Battery, 209th Field Artillery Group; 311th, 318th and 347th Military Police Escort Guard detachments; Headquarters 434th Transport Corps Group; 71st, 72nd, 73rd and 74th Transport Corps Squadrons of the 434th Transport Corps Group; Headquarters staff and 75th, 76th, 77th and 78th Transport Corps Squadrons of the 435th Transport Corps Group.

The nation's farmers as a whole sliced their mortgage debt in 1944, bringing the total down to the lowest since 1916.

SPORT SHORTS

Toronto, Aug. 1 (AP) — Myron Nelson, the Toledo par-buster, is a prohibitive favorite to cop the \$10,000, 72-hole Canadian Open Golf Championship tourney which opens Thursday.

Ocean City, N. J., Aug. 1 (AP) — The largest game fish caught here this season went to 12-year-old Everett Griffiths, Jr.

The lad hauled in an 89-pound Mako shark yesterday with an ordinary hand line. The shark, a tropical variety usually found in waters off Florida, put up a 45-minute battle.

Great Lakes, Ill., Aug. 1 (AP) — Bob Feller, the former Cleveland Indian fireball star who took over management of the Great Lakes naval training team last spring, and did a lot of pitching for it, yesterday lost his first game to a major league team when the Pittsburgh Pirates hopped on him for three runs in the tenth inning for a 3-0 victory. Feller gave up 10 hits and struck out 10. Art Cucurullo held the sailors to five hits as they lost their fifth game in 26 starts.

NEW WATERFOWL RULES

Washington, Aug. 1 (AP) — The annual water fowl hunting regulations, usually issued in July, have been delayed because of President Truman's absence from the country. The regulations, which must have the signature of the chief executive, have been flown to Potsdam, the Fish and Wildlife Service said yesterday. Officials expect to announce this season's rules early in August.

State Officials At Dr. Stewart Rites

Harrisburg, Aug. 1 (AP)—Governor Martin and members of his cabinet and members of the Indiana County Medical Society will serve as honorary pallbearers tomorrow at funeral services for Dr. A. H. Stewart, State Secretary of Health, who died yesterday.

Dr. Stewart's body was taken late yesterday to Indiana, Pa., his home city where funeral services will be held Thursday at 2 p. m. (EWT) at the United Presbyterian church. Burial will be at Indiana.

Governor Martin ordered flags on all state buildings placed at half staff Thursday. Offices of the Health department will be closed at noon for the remainder of the day. Other state offices will be closed between 2 and 3 p. m., the hour of the funeral.
